

BEACHES DESERTED; \$100 AWAIT MAN CAPTURING SHARK

Marksmen Patrol Shore in Motorboats, but Bathers Are Few.

From most of the resorts along the Jersey shore armed men put out in motor boats to-day continuing the patrol established to protect bathers from sharks.

These boat patrols are especially active at Asbury Park, at Beach Haven and at Ocean Grove. The theory that the shark that mortally mangled Charles Brady and that caused the death a few days ago at Beach Haven of Charles E. Vassant, was a stray alien from the tropics, has not diminished the terror of the thousands of summer residents along the coast.

The Evening World offers \$100 to the man who captures the shark.

The bathing beaches at Asbury Park are being enclosed with heavy netting, which will extend from the surface to the ocean bottom. Much of the work has to be done at low tide.

Realizing that something must be done immediately to restore confidence Mayor Oliver H. Brown, President of Borough Council, called a special meeting and arranged to take emergency measures to-day and later to combine with other towns in a general plan of safety.

While 490 went into the surf Thursday, not 100 ventured the risk yesterday, even during the patrol period. Those who did kept inside the ropes.

Nov. 10, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring rash, which covered my face, and for which I used applications and remedies without relief. After using "Fruit-a-tives" for one week, the rash is completely gone. I am deeply thankful for the relief, and in the future, I will not be without "Fruit-a-tives."
